

CREATE AND CONFIGURE IBM SERVICES

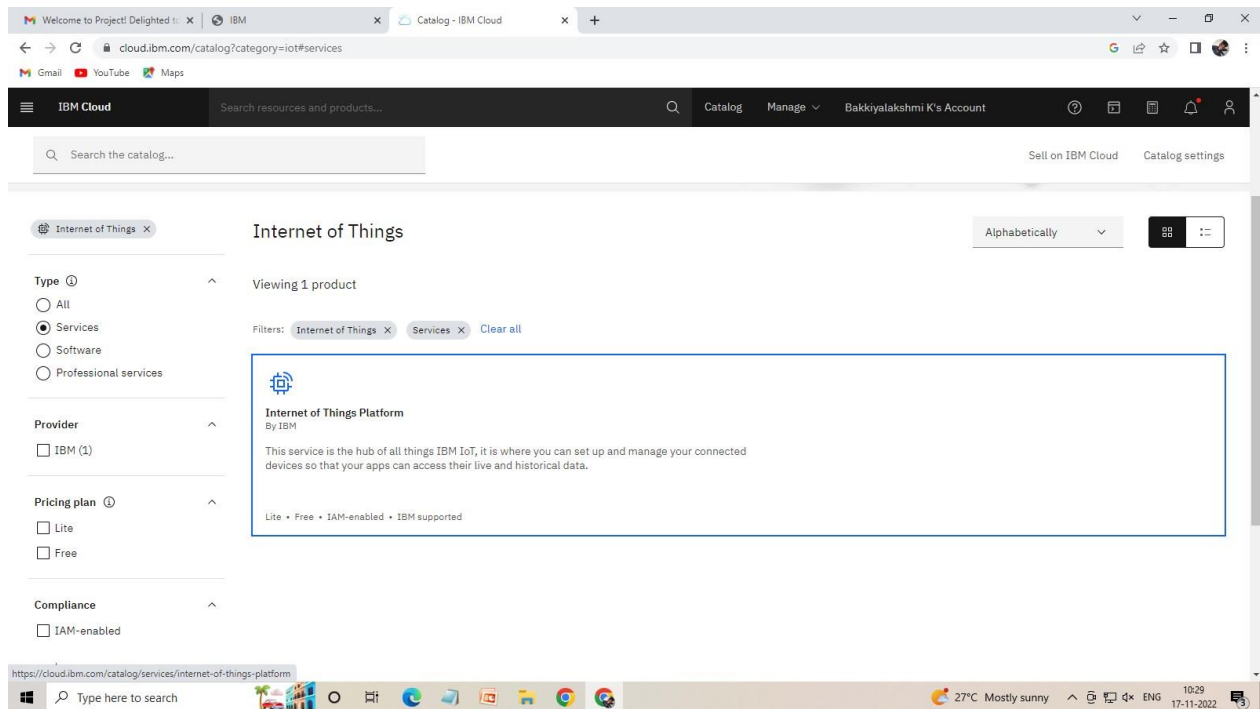

IOT WATSON PLATFORM

DATE	17/11/2022
TEAM ID	PNT2022TMID39027
PROJECT NAME	SMART SOLUTION FOR RAILWAYS

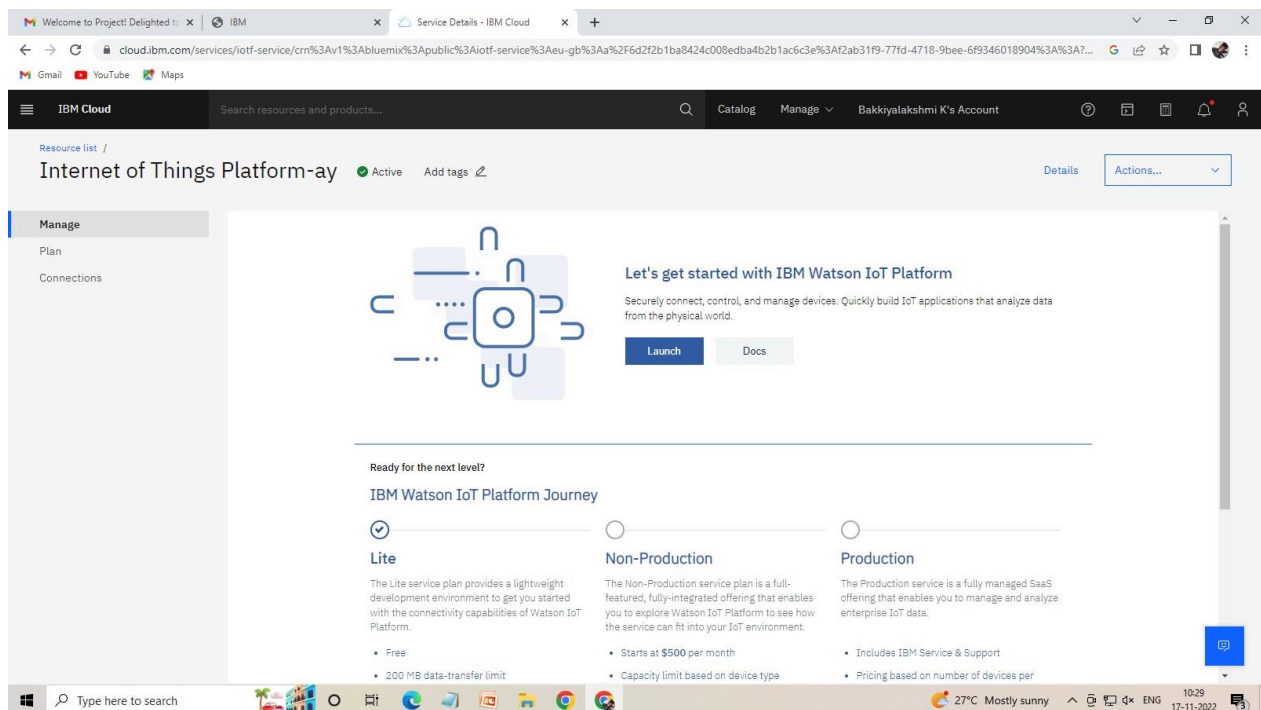

Step1: Log in your registered id

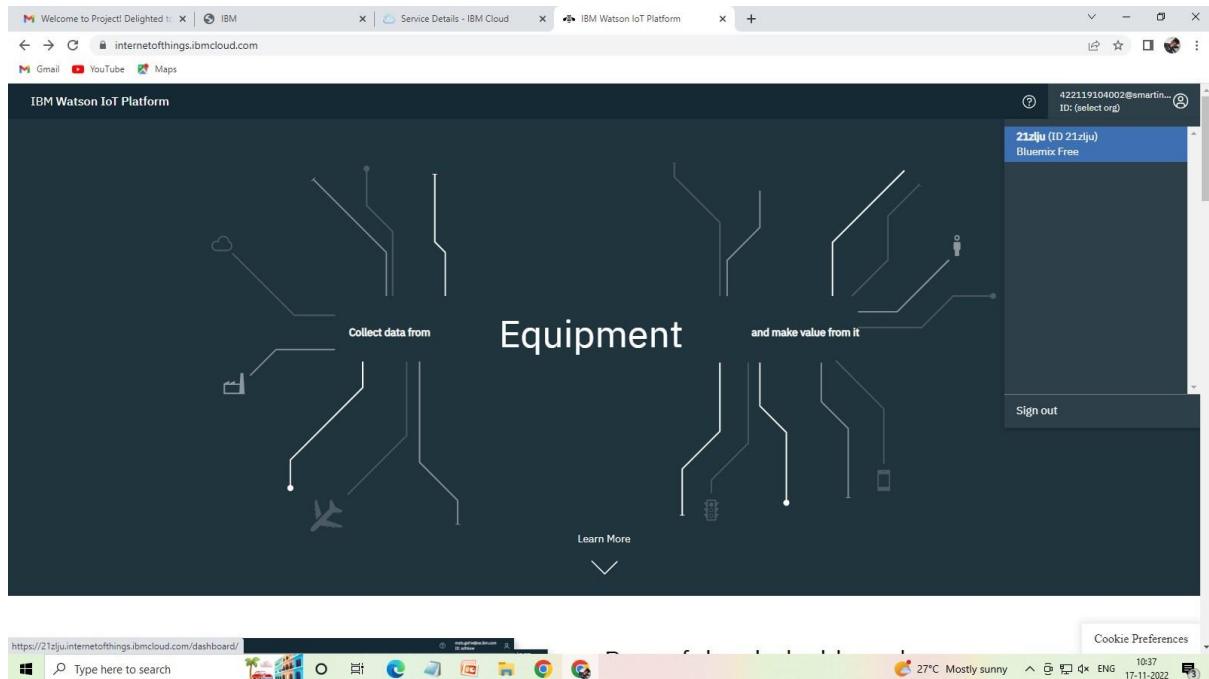

Step 2: Click Catalog where you find the services and internet of thing you can select and make location as Frankfurt

Step 3: click create and the launch tab get open, then click launch

Step 4: It redirect you to IBM WATSON platform where you need to click sign in and login IBM.

Step 5: where you find this tab which is used to add device, app, member, usage, security can be worked

The screenshot shows the 'Browse Devices' page in the IBM Watson IoT Platform. The page has a dark sidebar with navigation icons and a top navigation bar with tabs for 'Browse', 'Action', 'Device Types', and 'Interfaces'. The 'Browse' tab is active. The main content area is titled 'Browse Devices' and includes an 'Add Device' button. Below the title, there's a section for 'All Devices' and 'Diagnose'. A table lists the devices, with one device 'NodeMCU_1' shown as 'Connected'. The table has columns for Device ID, Status, Device Type, Class ID, Date Added, Descriptive Location, and Added By. At the bottom, it says '3 Simulations running'.

Device ID	Status	Device Type	Class ID	Date Added	Descriptive Location	Added By
NodeMCU_1	Connected	NodeMCU	Device	Nov 17, 2022 1:47 PM		422119104025@smartinternz.com

Step 6: check boards for risk and security overview card, it uses for graphical representation boards

The screenshot shows the 'Your boards' page in the IBM Watson IoT Platform. The page has a dark sidebar with navigation icons and a top navigation bar with tabs for 'Your boards' and 'Public boards'. The 'Your boards' tab is active. The main content area is titled 'Your boards' and includes a 'Create New Board' button. Below the title, there's a section for 'Usage Overview' and 'Risk and Security Overview'. The 'Usage Overview' card shows '3 Cards' and the 'Risk and Security Overview' card shows '4 Cards'. Both cards are 'Owned by you'. There's a large dashed box with a plus sign for adding more cards. At the bottom, it says '3 Simulations running'.

Step 7: after clicking create a new device / add device you can choose a device type and device id and complete the following information to create a device

IBM Watson IoT Platform

422119104002@smartinternz.com
ID: 212fu

Browse Action Device Types Interfaces

Add Device

Identity Device Information Security Summary

Verify that the following information is correct then select Finish

Device Type
NodeMCU

Device ID
